

PONT INTERNATIONAL **Gordie Howe** INTERNATIONAL BRIDGE

Good afternoon,

Here are a few things we wanted you to know about:

Red and Blue Tower Cranes Leaving Gordie Howe International Bridge

After five years, the two massive tower cranes on either side of the Detroit River are retiring from the Gordie Howe International Bridge project. The Canadian tower crane was dismantled in May while the US crane is coming down this month. Read more about the process in our latest [spotlight story](#).

Canadian Port of Entry Photo Gallery and Flyover

We've posted a new [photo gallery](#) and flyover video of the Canadian Port of Entry. Take a behind-the-scenes look at the landscaping and fence installation. All buildings and structures are at advanced stages of construction with interior finishings left.

The Canadian Port of Entry is approximately 130 acres in size and includes over 130,000 square footage in building space. Tolling will take place at the Canadian Port of Entry, with 16 toll booths – eight in each direction.

Michigan Interchange Photo Gallery and Flyover

We've posted a new **photo gallery** and flyover video of the Michigan Interchange work. Work is steadily advancing on this component. All four road bridges are complete and open to traffic and all five pedestrian bridges are nearing completion and are anticipated to be open this summer.

The large ramps connecting I-75 to the US Port of entry are nearing completion with line painting and signage installations underway.

US Port of Entry Photo Gallery and Flyover

We've posted a new **photo gallery** and flyover video of the US Port of Entry. Take a behind-the-scenes look at the landscaping and fence installation. All buildings and structures are at advanced stages of construction with interior finishings left.

The US Port of Entry is approximately 167 acres in size and includes over 330,000 square footage in building space.
